NEW! MIP's RC Rock Crawler Rebuild Kits for Axial Scorpion!

MIP Announces Axial AX10 Scorpion Rebuild Kits

COVINA, CA - July, 2008 – Moore's Ideal Products LLC, www.miponline.com, the manufacturer of the top selling MIP RC car parts, tools, and accessories designed by racers for racers, has had such a great response with the release of its new drive products for the Axial AX10 Scorpion, they now have rebuild kits for the following:

#08100	MIP R-CVD™ Set for Axial AX10 Scorpion (ft/r) (4)	\$59.00
#08104	New! MIP R-CVD™ Rebuild Kit (ft/r) Axial AX10 Scorpion	\$ 9.00
Rebuild kit: 2) 4-40 set screws, 2) 3/16 cvd couplings, 2) hardened pins		
#08101	MIP CVD™ C-Drive Spline Set for Axial AX10 Scorpion (2)	\$59.00
#08105	New! MIP CVD™ C-Drive Rebuild Kit for Axial AX10 Scorpion	\$15.00
Rebuild kit: 2) M4x 5 mm set screws, 2) 8-32 x1/8 set screws, 2) cross pins, 1/4 x 3/8 couplings		

MIP thanks all its distributors for the great support with MIP's new rock crawler products. MIP engineers are working on more aftermarket products for the Axial AX10 Scorpion and will be sending information and samples in the coming weeks, stay tuned! MIP is the cutting edge!

About Moore's Ideal Products, LLC.

Moore's Ideal Products, based in Southern California, is an innovative leader in precision CNC Swiss machining and contract manufacturing. Best known for its top selling MIP™ brand of Radio Control Hobby Racing Accessories and Tools, made in the USA since 1979, Moore's Ideal Products LLC continues to push the envelope of quality and engineered precision in designing and manufacturing the MIP™ brand as well as OEM products, and delivering manufacturing expertise for its clients across several industries, including aerospace, robotics, and orthodontics.
